OUR PEOPLE, YOUR ADVANTAGE

www.teampacesetter.com

WE WANT YOU!

Discover Your Place in the Pacesetter Family

At Pacesetter, we're more than a team; we're a family. Our secret to unparalleled retention? A culture that celebrates mutual respect, support, and the pursuit of excellence. With over half of our associates marking a decade with us, it's clear: once you join, you're home.

We thrive on the energy of the "best of the best" – individuals passionate about leadership, innovation, and making every day count. We're committed to excellence in every task, always seeking smarter, more effective ways to work and adapt, no matter the role.

We're looking for motivated talents ready to embrace the Pacesetter Experience. Here, hard work is met with real rewards, in an environment that feels like an extended family. Our mission transcends supplying steel; we're committed to delivering unparalleled customer experiences and enhancing our partners' success, powered by our exceptional team.

Join us at Pacesetter, where you're not just valued for the work you do, but for who you are.

PRIMARY ROLE

Help maintain a high level of production by maintaining the processing equipment, overhead cranes, and facilities according to manufacturer's recommendations.

KEY RESPONSIBILITIES

- Model the Pacesetter Way in daily job activities.
- Responsible for seeing that all oils, fluids and grease levels on all machinery are properly filled and changed when needed.
- Ensure that everything is being done, and priority is given to repairing equipment where production is affected.
- Maintain a clean and organized maintenance shop and clean up behind every job.
- Maintain and repair all equipment and tools in the plant.
- Perform daily, weekly, monthly, and yearly preventive maintenance on equipment and machinery.

OTHER RESPONSIBILITIES

- Inform all associates of any equipment and machinery that is not to be used or operated.
- Responsible for safety lock out to avoid anyone from operating faulty machinery while being repaired.
- See that all equipment and machinery is being safely operated.
- Communicate with the Service Center Manager on all needs to keep machinery in safe operation.
- Keep up with all tools and ensure they are being cleaned after each use and placed in a designated area.
- Record and maintain all breakdowns and perform preventive maintenance.

REQUIRED SKILLS/EDUCATION

- High School Diploma or GED or equivalent working experience.
- Comfortable with computer programs utilized by Pacesetter Steel Service, Inc.
- OSHA knowledge preferred.
- Crane Certification preferred.
- Maintenance Technician experience preferred.
- Strong problem-solving skills.
- Ability to work in a team environment and with diverse populations.
- Ability to work flexible hours and after-hours availability.
- Knowledge and understanding of basic electrical, basic mechanical, basic pneumatic and hydraulic knowledge as well as basic burning and welding.

WHAT WE OFFER

A Tradition of Stability in a World of Change

As the world races towards an era defined by automation and artificial intelligence, the steel industry remains indispensable. With 46 years of excellence, Pacesetter stands at the forefront of this vital sector, marrying the time-honored craft of steel production with the latest breakthroughs in technology.

While some jobs may face obsolescence in the face of robotics and AI, careers in steel offer a unique blend of stability and forward-thinking innovation. Discover how at Pacesetter, tradition and innovation forge the strongest link.
