PROGRAMS & SERVICES

PREFER FIXED OR FLOATING PRICE?

FCM secures your preferred pricing terms without disrupting existing supply chains or revealing contract details, often with just a purchase order.

NEED TO ACCESS FUTURES AND OPTIONS MARKET?

FCM helps you access the derivatives market and find the best fit for your business. If you're already using futures and options, we offer the liquidity you need to manage price risk efficiently and affordably.

WANT TO CAP YOUR PURCHASE PRICE OR LIMIT YOUR DOWNSIDE?

Partnering with FCM lets you benefit from favorable market moves while staying protected if they turn against you, with the option to buy or sell only when it's in your favor.

HOLDING EXCESS INVENTORY IN A FALLING MARKET?

If your material is at risk of losing value, FCM can protect it while keeping inventory accessible, and help unlock capital on your balance sheet.

NEED HELP PROTECTING VALUE WHILE IMPORTING MATERIAL?

FCM can help manage price risk while your material is in transit, ensuring that you are not holding mispriced material by the time the material arrives at its destination.

BIDDING ON A PROJECT AND NEED TO HOLD A FIRM PRICE?

FCM can hold a fixed price while you wait to hear back about a contract tender, ensuring that cost estimates remain unchanged in the meantime.

NEED TO MEET ESG MANDATES?

FCM sources, supplies, and retires carbon offset credits for you, while advising and executing global carbon neutrality strategies as a member of all major registries.
